RFB-2021-19
HIGHWAY CRACK CLEANING & SEALING

ADDENDUM #2

March 11, 2021

The purpose of this addendum is to provide detailed information to all Bidders. This addendum is hereby included in and made part of the Contract Documents, whether or not attached thereto. Receipt of this Addendum must be acknowledged on the addenda acknowledgement form.

Historical data regarding this bid has shown that Schenectady County spends roughly between \$150,000 to \$250,000 annually on these repairs. If the contract award is \$200,000 or more, the apprenticeship & MWBE paperwork is required to be completed.

RESPONSE TO QUESTIONS SUBMITTED:

1.) On page 29: Method of Measurement describes "Number of Liters of Sealant". Basis of Payment is "Unit price bid per Gallon".

Which to use, Liters or Gallons?

RESPONSE: We calculate the basis of this bid on gallons of sealant. On page 29 replacing the word "liters" with the word "gallons."

2.) In previous bids, we were able to get a list of roads under consideration, with a priority. Could you please provide this information, as we like to review each road for our estimate of number of gallons required. This helps us give the most competitive bid.

RESPONSE: DEPW had not yet assessed the damage from the winter season to determine which roads will need to be repaired. The Engineer indicated that we had not provided this in past bids.

Please acknowledge this addendum on your bid form.
