CONTENTS/ RESPONSE TO QUESTIONS/ REFERENCE TO ATTACHMENTS

**General RFI's:**

1. **Question 1: Who is providing the milling to cover the bottom of the fence?**
  - a. **The millings will be provided and installed by the county as described in detail 4 of sheet D-100.**
2. **Question 2: Who is providing the excavating, pouring and constructing the vehicle resisting system?**
  - a. **The entire vehicle resisting system will be provided and installed in its entirety by the awarded fencing contractor.**
3. **Question 3: Is grounding required for the fence?**
  - a. **As the fence totals 1000± feet of fencing, grounding will have to be installed per specifications described in section 162 3.7 "Grounding Equipment". The bidder should anticipate having to install 2 grounds.**
4. **Question 4: What size are the end posts?**
  - a. **The end posts shall be 2-1/2" O.D. for all corner and end posts as specified in Detail 3 of sheet D-100.**
5. **Question 5: Can you confirm if this will be a mandatory fall project? Winter shutdown? Or is it possible to start in spring of 2025 due to the late season bid and lead time for materials?**

- 
- a. **We are trying to hold to a fall completion but if they can show long lead time on materials that pushes us out past winter, would still start with a fall install and then hold on final items that have a long lead time. if they can't get materials for the vehicle reinforcement for the gates, we will install all of the fencing, and gates that we can and then install the reinforced gate when they arrive/weather permitting.**
